40 Panjab University colleges utilize instaVC's Video Conferencing Solutions (inClass) for E-Learning.

Case Study - Panjab University

Transforming Education with Video Conferencing Solutions.

OVERVIEW
Panjab University aimed to improve training quality and expand education statewide. They needed a Learning Management System for seamless learner connectivity, efficient collaboration, online meetings, teacher training, and optimal bandwidth usage.

CHALLENGES
Panjab University sought a solution for their varied educational requirements, such as connectivity, online meetings, teacher training, and bandwidth efficiency. They needed a system for multiple colleges with a high user capacity.

SOLUTIONS
InstaVC tailored a video conferencing solution for Panjab University that met all their needs, including specific requirements.

- A versatile video conferencing platform compatible with various operating systems and devices, ensuring accessibility for teachers and students.
- Online meeting provisions for conducting virtual meetings across all affiliated colleges
- Video-On-Demand feature for recording and playback of training sessions.
- Teacher training modules to enhance their skills and competencies.
- Virtual class capabilities enabling centralized connectivity for students from across the state.
- Learning and Development module for student improvement and teacher interaction

Implementation

The inClass solution by instaVC was implemented at Panjab University, seamlessly integrating with existing infrastructure. Training sessions familiarized users with the platform, while organizing virtual classes and teacher training modules to enhance educational outcomes.

RESULTS

10,000 users registered for online virtual classes and training modules, indicating widespread adoption and acceptance.

Connectivity was established among 40 colleges under Panjab University, fostering collaboration and knowledge sharing.

Enrolment rates in the university for higher education increased, reflecting the effectiveness of the implemented solution in expanding educational opportunities and outreach.
